

ONLINE SHOPPING FOR FOOD

PRESENTED BY: VANISREE S.J

DATE: 21.10.2024

ABSTRACT:

- This project explores how online food shopping simplifies access to fresh, organic, and local food products.
- Our shop, Foodie's Delight, offers an extensive range of items, from traditional meals to sweet treats, delivered straight to your door.
- Customers can browse and purchase with ease, benefiting from the convenience and comfort of online shopping.
- We aim to bring a delightful shopping experience with a focus on quality, variety, and affordability.
BOOK NOW

FEATURES:

- **Online Product Display:**

A detailed product showcase including dishes like Pongal, Dosa, Biryani, Pani Poori, Gulab Jamun, and Parotta with descriptions, prices, and images.

SWEET ENDINGS

- **Dynamic Navigation:**

Seamless navigation bar allows users to switch between different sections such as Home, Products, About, Contact, and Cart. Clicking "Shop Now" in the home section redirects users to the products section for easy browsing.

- **Add to Cart Functionality:**

Each product has an Add to Cart button, allowing users to add their selected items to the cart, with dynamic cart updates.

- **Responsive Design:**

Bootstrap framework ensures the website is mobile-friendly and works across various screen sizes and devices.

- **Quantity Selection:**

Users can choose quantities for each product through a dropdown menu before adding items to the cart.

- **Cart and Checkout:**

Items added to the cart are displayed with details, and a Checkout button is available for users to complete their purchase.

- **Contact Form:**

A fully functional contact form collects user details such as name, email, phone, and order information for any inquiries.

- **Visual Appeal:**

The use of background images for each section enhances the overall user experience with a professional and clean look.

WHOLESOME MAINS

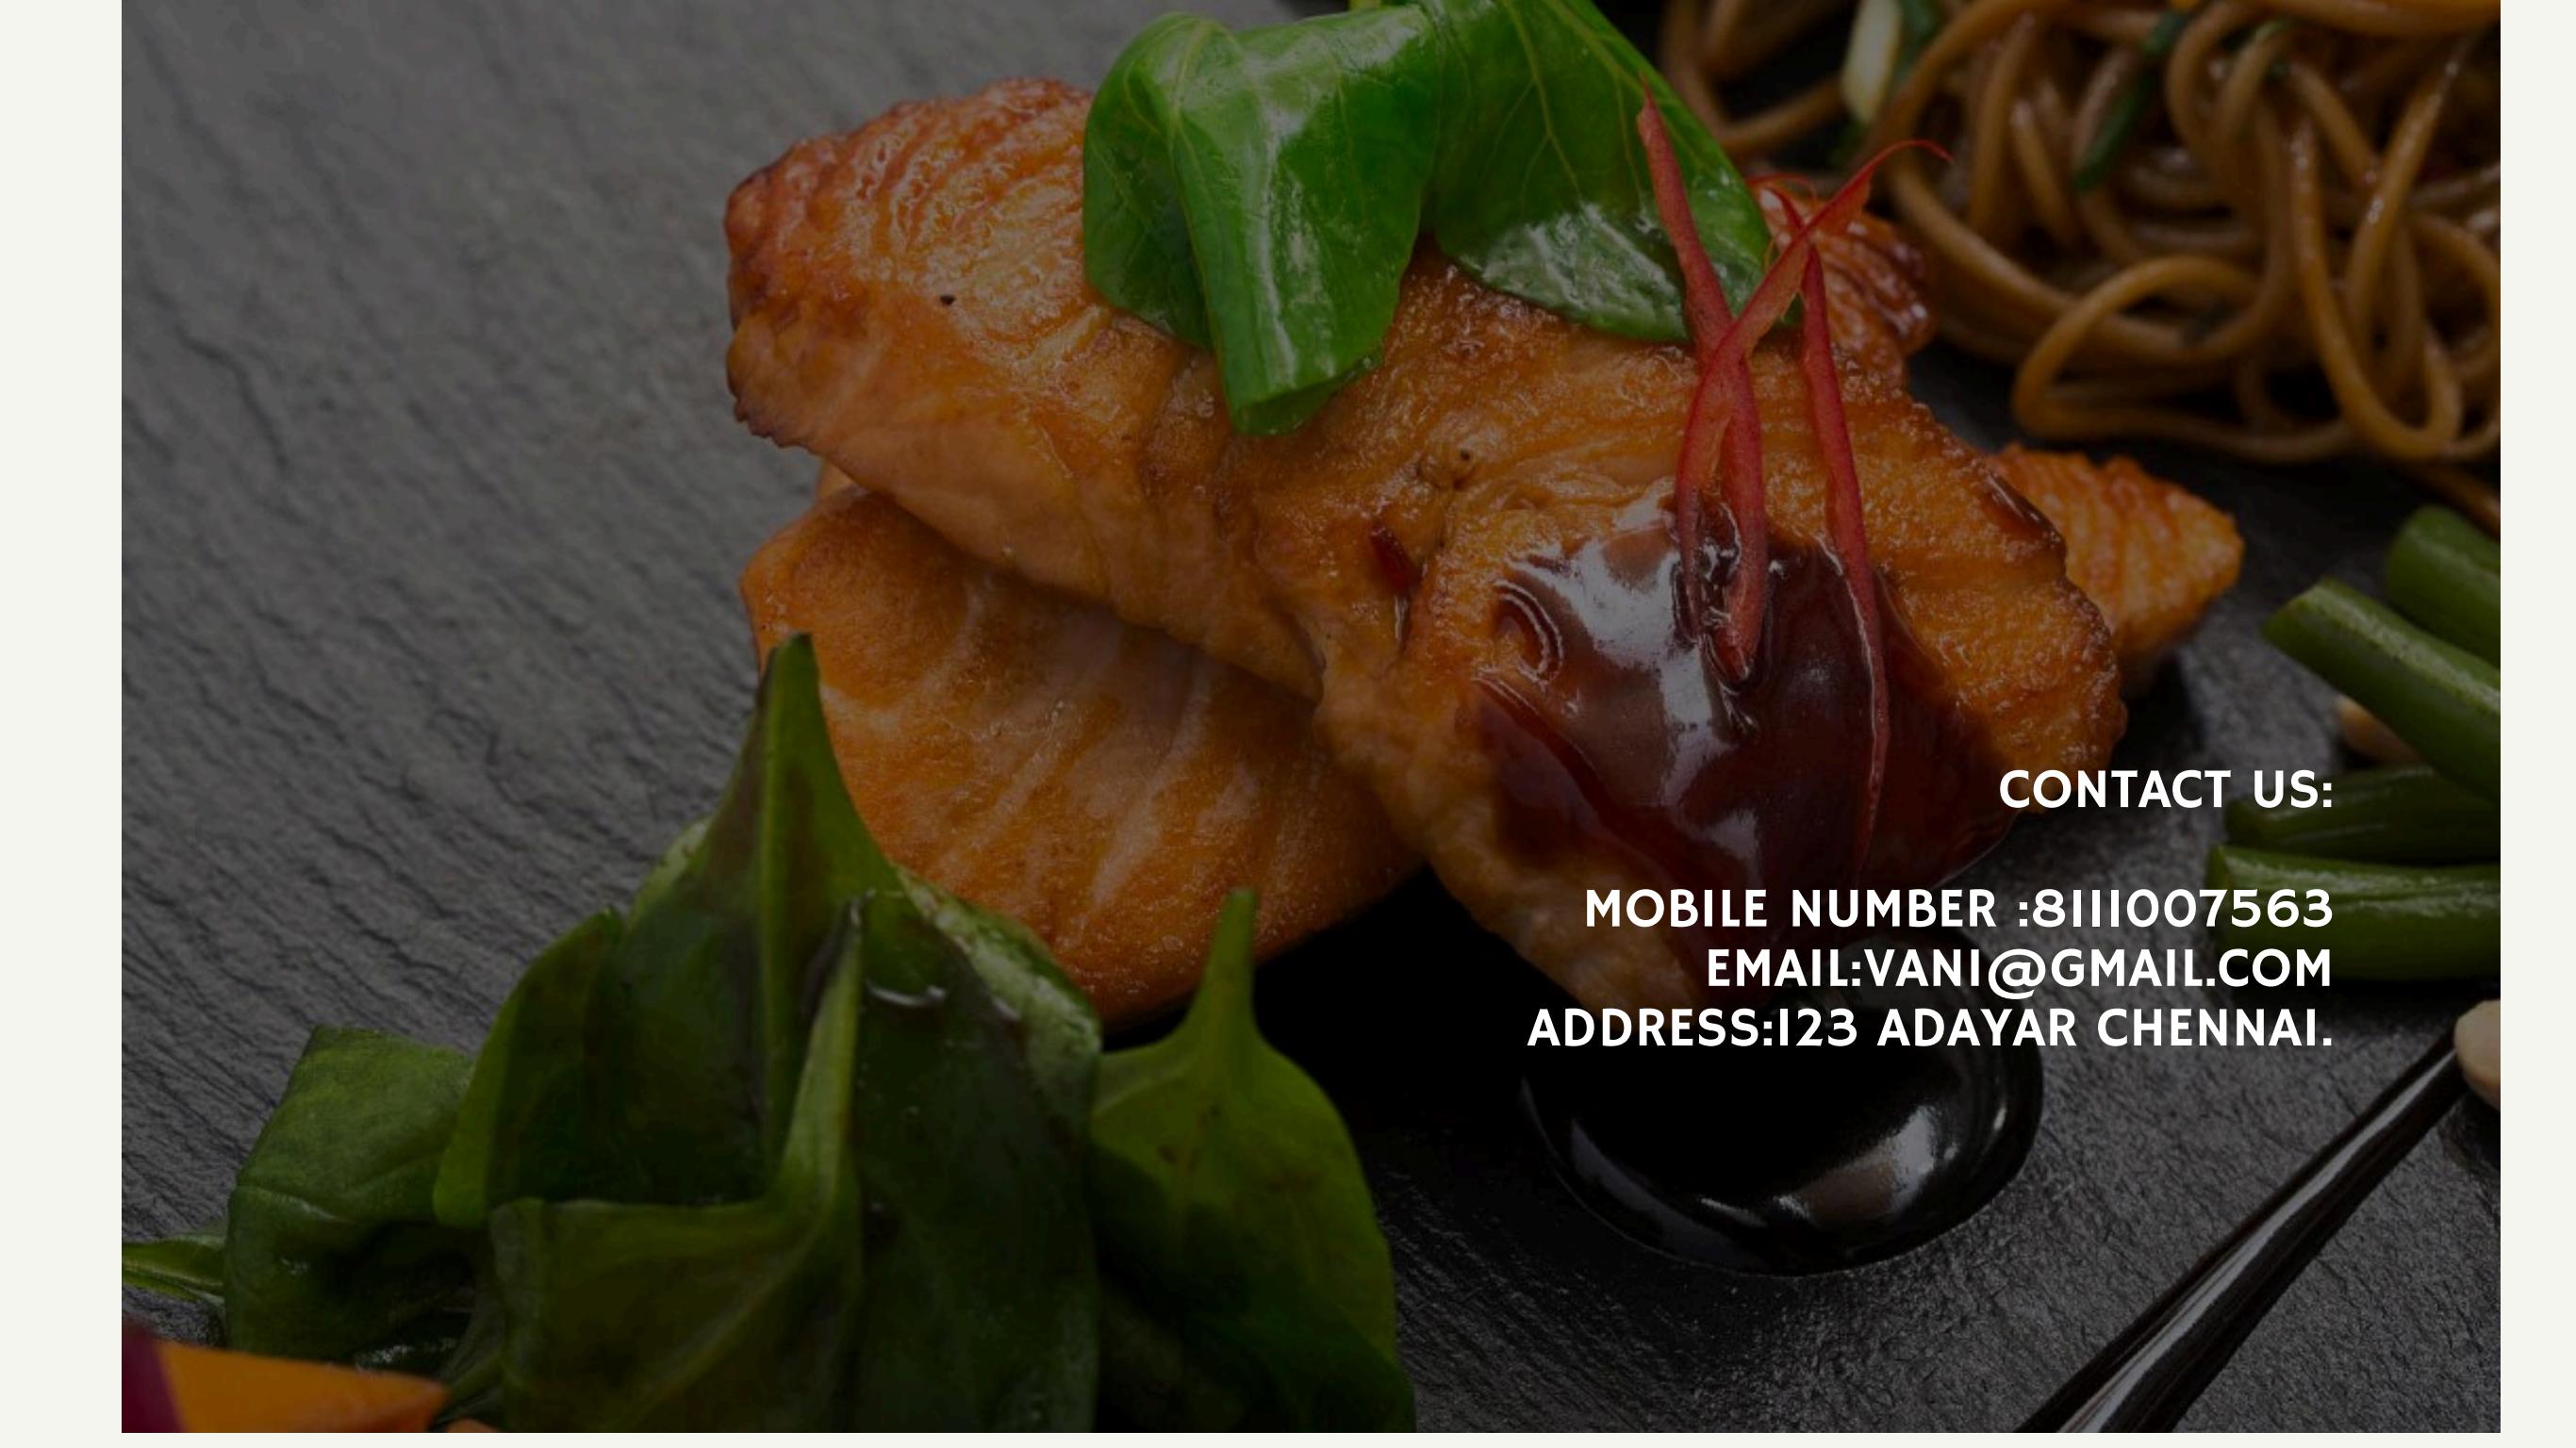

TECHSTACK

- **HTML:** STRUCTURED THE CONTENT OF THE WEBSITE, CREATING SECTIONS FOR HOME, PRODUCTS, ABOUT, CONTACT, AND CART.
- **CSS:** APPLIED CUSTOM STYLING TO CREATE AN APPEALING AND USE FRIENDLY LAYOUT. UTILIZED BACKGROUND IMAGES, FONT STYLES, AND COLOUR SCHEMES TO MATCH THE BRANDING OF "FOODIE'S DELIGHT."
- **JAVASCRIPT:** FUNCTIONALITY FOR NAVIGATION AND ADD TO CART FEATURES. MANAGED DYNAMIC UPDATES SUCH AS ADDING PRODUCTS TO THE CART, HANDLING PRODUCT QUANTITY, AND TOGGLED BETWEEN SECTIONS.
- **BOOTSTRAP:** USED FOR RESPONSIVE DESIGN, GRID SYSTEM LAYOUT, AND PRE-STYLED COMPONENTS LIKE BUTTONS, CARDS, AND FORMS. ENSURED THE WEBSITE LOOKS PROFESSIONAL ON BOTH MOBILE AND DESKTOP SCREENS.
- **NAVIGATION:** CREATED A FUNCTIONAL NAVIGATION BAR WITH LINKS TO DIFFERENT SECTIONS, ENHANCING USER EXPERIENCE AND EASE OF ACCESS.

PROJECT SUMMARY:

- THIS PROJECT, ONLINE SHOPPING FOR FOOD, SHOWCASES A MODERN AND RESPONSIVE WEB APPLICATION FOR A FICTIONAL FOOD SHOP NAMED FOODIE'S DELIGHT. THE WEBSITE ENABLES USERS TO EXPLORE VARIOUS FOOD PRODUCTS SUCH AS PONGAL, DOSA, BIRYANI, PANI POORI, GULAB JAMUN, AND PAROTTA, WITH DETAILED DESCRIPTIONS AND PRICES.
- USERS CAN SEAMLESSLY NAVIGATE THE SITE USING THE NAVIGATION BAR AND ACCESS DIFFERENT SECTIONS LIKE HOME, PRODUCTS, ABOUT, CONTACT, AND CART. THE ADD TO CART FUNCTIONALITY ALLOWS CUSTOMERS TO SELECT THEIR DESIRED QUANTITIES AND VIEW THEIR CART CONTENTS IN REAL-TIME.
- THE INTEGRATION OF BOOTSTRAP ENSURES THE DESIGN REMAINS CLEAN AND RESPONSIVE ACROSS DEVICES, WHILE JAVASCRIPT ADDS INTERACTIVE ELEMENTS LIKE DYNAMICALLY UPDATING THE CART.
- THE PROJECT OFFERS A COMPLETE E-COMMERCE EXPERIENCE, MAKING IT EASIER FOR USERS TO SHOP FOR FOOD ITEMS ONLINE, ACCESS STORE INFORMATION, AND CONTACT THE SHOP FOR INQUIRIES.
